❖ The Cloud Computing and Cloud Services in the Corporate Program is planned and conducted on 20.08.2021 by Mr. Vinod / Executive HR / GTT in our campus for all the UG and PG final year students.

❖ It was useful to the students to understand the details of Cloud providers offering backup and disaster recovery features. Storing data in the cloud rather than locally can help prevent data loss in the event of an emergency, such as hardware malfunction, malicious threats, or even simple user error.

❖ This Android app development programme was successfully completed on November 5, 2021, and the students found it extremely beneficial in raising awareness about the Android app.

❖ Every student needs to know how to compete with creativity and how that can capture the attention of more potential customers in their organization. It is because the ultimate goal of any business is to generate revenue. Further, the evolution of the Android development platform offers entrepreneurs a cost-effective and scalable opportunity to develop apps.

❖ As a result of the current digital revolution, Android mobile applications had an impact on the majority of industries. Even though iOS is a well-liked platform, there are a number of reasons why Android development is by far the greatest and a top platform for businesses, some of which are stated below. Therefore, this curriculum is very beneficial to all students in their last year.

## **CHIEF GUEST PROFILE**

Mr. R. Karthik has over 16 years of experience in global HR operations. He had business partnership, international talent management, and organizational development specialties. He has extensive experience in global IT recruitment (APJ, EMEA, and the US), university relations, and special projects. He has primarily worked with US-based multinational corporations that specialize in product development. He possesses the adaptability to fit into a multidisciplinary culture and the strong business judgment and result-oriented attitude. He is eager to contribute in a team-oriented environment, having an inner desire to gel in a cohesive team and work for business growth. He has the most interest in HR Business Partnering, Talent Management, Employment Coordination, Employee Engagement, Global Talent Acquisition (APJ, US, and EMEA), Active and Passive Sourcing, Employment Tax Terms, Metrics, Internet Research, and Global Recruitments. Also, he had work experience with a few start-up companies based out of IIT Madras Research Park. He is connecting with me to get detailed exposure as an HR professional. He is seeking an HR executive position in an organization of repute that stimulates and enhances my professional skills and personal strengths in conjunction with the organization's goals and objectives.

- ❖ This Crypto Currency in Block Chain Technology programme was successfully completed on May 9, 2022, and is very beneficial to students in learning about the benefits of crypto currency.
- ❖ Through the program, students can learn about the usefulness of crypto currencies: easy transactions, relative security, short settlement times, lower fees, exponential industry growth, and the possibility of outsized returns, more private transactions, portfolio diversification, potential inflation hedges, cross-border payments, specialization, and open systems.
- ❖ It was really useful for the students to invest their money for the future.

- ❖ This TCS Cyber Security Learning Program was successfully completed on June 8, 2022, and it is very beneficial to the students to understand the program's benefits.
- ❖ From the above information, it is quite necessary for the students to have an idea of the limitless benefits that arise from a well-planned and executed training program.
- ❖ It is quite necessary to understand the difference between education and training because education only offers learning and subject understanding, while training makes employees train in such a manner that they can perform essential functions effectively. About cyber security training, both now and in the future.
