

GRT INSTITUTE OF ENGINEERING AND TECHNOLOGY

Best Practice I

1. Title of the Practice

Student Scholarship in GRTIET

2. Objective of the Practice

- To ensure that the students from the down-trodden strata of the society are not left behind for the lack of money in spite of possessing necessary skills and interest to taste the fruit of knowledge through sharpening their technical skills along with the nourishment of the soft skills which shall promise better future for the interested students from marginalized section of the society. GRT IET ensures the financial assistance to the needy students for their up-liftment and empowerment through the award of scholarship. The Institute also encourages the school students of all backgrounds to shine well in their academic performances in the examinations by awarding scholarships. The scholarship is being awarded meticulously through proper checks and balances of the screening committee.

3. The Context:

- The objective of providing 100 percentage tuition fee waivers for the students who secure 170 and above in engineering cut off in the HSC is to inspire the students to give importance to the academic performance in HSC specifically to strengthen the strong science base that shall result in better prospects for the individual student concerned and the same will fructify into the overall growth of the nation as well as the society through their creative contributions.
- The rationale for giving 50 percentage tuition fee waivers for the HSC Students who secure 150 and above but less than 170 in engineering cut off in the HSC final examinations is to attract the students to pursue their goal of becoming a successful technocrat in the modern technologically advanced world.
- The purpose of giving first two year tuition fee waivers for the top rankers of the school (Top Rankers from one to seven) is to create healthy academic competition among the students.
- The aim of awarding Special Scholarship to the students who secure 500 marks or above out of 600 total marks is to honor them for their meticulous hard-work in order to inspire the next generation of the students to be strong in academics.
- The goal of providing Special Fee Concessions for the Sports Achievers is to create awareness about the essentiality of sports in detoxifying the minds of the students and cultivating brotherhood among the students.
- The intention of providing Merit Scholarship to the other state students who secure 75 % or more in their qualifying examination is to create national unity among the students.

4. Implementation:

- GRTIET ensures the award of 100 percentage tuition fee waivers for the students who secure 170 and above in engineering cut off in the HSC.
- The Institute implements the policy of providing 50 percentage tuition fee waivers for the HSC Students who secure 150 and above but less than 170 in engineering cut off in the HSC final examinations.
- The Institute executes the scheme of providing tuition fee waivers for first two years to the top rankers of the school (Top Rankers from one to seven).
- The College awards Special Scholarship to the students who secure 500 marks or above out of 600 total marks.
- The Institute honours the Sports Achievers by awarding Special Fee Concessions.
- Merit Scholarship is provided in GRTIET to the other state students who secure 75 % or more in their qualifying examination.

5. Evidence of Success

- It has been found that the alumni of the institute, who benefitted from different kind of scholarships, fee waivers and fee concessions, excel in their duties and responsibilities. The scholarship programs uplifted the students from marginalized section of the society by providing formal technical education. The school students in and around Tiruvallur District have been inspired to pursue their dream career through technical education with the support of the different types of scholarships provided in GRT IET.

6. Problems Encountered and Resources Required:

- Due to the backwardness of the locality, we encountered difficulties in reaching out the students as the awareness about the scholarship is unable to attract the maximum number of the students.
- Because of the stigma attached to the girls' higher education, it was difficult to increase the number of female students.
